CB2 🔘 *Type-C*

Wi-Fi Smart Home Battery Camera

A chic décor to safeguard your home smartly

It's time to upgrade your bulky cameras with the latest CB2 to match your home décor taste. Petite in size, and battery-powered with a detachable magnetic base, this smart gadget can basically fit any interior space while capturing crucial moments in great clarity from day to night. It detects human motions in real-time and offers two-way communications, serving perfectly as a baby monitor or pet camera at home.

Install it easily with reliable stability

The CB2 is a camera that does not leave any chord to organize or any drilling hole to fix. You can use the included magnetic stand to help adjust its viewing angle or get it wall-mounted to any metallic surface tightly.

When compared to its predecessor model, this new camera has upgraded its detachable base with a 200% greater magnetic force[4] to further ensure stable use.

↑200% stability

Stay powered on, with no strings attached

The CB2 is embedded with a 2,000 mAh rechargeable battery to run up to 50 days on a full charge[1]. In emergencies or power outages, when most home cameras stop working, your CB2 will continue to operate and record events in its local memory[2].

Smart alerts that truly matter

Don't want to get disturbed too often by alerts on unimportant moving objects? The CB2's embedded PIR sensor and human-shape detection algorithm work together to better distinguish moving people on camera. In this way, it gets your attention when things matter.

Smart integration, hands-free control

Easily manage your CB2 via the EZVIZ App. What's better, by working seamlessly with voice assistants, you can voice-enable the live view to check what's happening on a bigger screen.

"Alexa, show me the kid's room camera."

Connect and care, from anywhere

Use your mobile phone to speak in real time to your loved ones who appear in your camera view, so you'll know that they're safe at home.

Hi Mommy

Great vision for round-the-clock protection

In addition to crisp 1080p video quality, the CB2 renders clear night vision to provide peace of mind even in pitch black darkness.

Day Night
A visual diary made of precious moments

The CB2 ensures that you capture unforgettable moments and store the memories safely[3].
